

ASSISTANT PRODUCTION SUPERINTENDENT

Location: Osceola, AR, United States

Function: Production & Technology

Careers Level: Experienced professionals (2-5 years)

Legal Entity: Evonik Cyro LLC

WHAT WE OFFER

You will work on exciting and challenging topics together with a team in an ultra-modern, innovative and creative environment. Intensive on-the-job training with expert colleagues guarantees you will quickly become familiar with your duties and perform them independently. Performance related pay and the opportunity for personal and professional development are of course part of the package. Since 2009 Evonik Industries AG has been certified as a family-friendly company by the German Hertie Foundation.

Assist Production Superintendent with directing the day-to-day activities of all production personnel in the manufacturing and packaging of sheet for the BL AP in accordance with company objectives of safety, quality, environmental and performance.

RESPONSIBILITIES

- Meeting departmental safety goals by training personnel in safe work practices, conducting safety meetings, discussions, and on-the-job training. Proper implementation of all safety programs and by maintaining a clean and orderly work place through TPM AM pillar.
- Meet environmental goals by effectively training all production personnel, proper implementation of all environmental and industrial hygiene goals and by regulatory compliance. Ensure that the area is operated in an environmentally safe and compliant manner with emphasis on waste minimization.
- Monitor manufacturing performance on a daily basis to maximize production efficiencies with timely response to problems. Meet all quality related goals. Achieve product quality through direct employee involvement and adherence to department quality practices. Meet or exceed Overall Equipment Efficiency (OEE) goals.

- Effectively use the TPM process to drive continuous improvement in department KPI's.
- Provide appropriate training for hourly personnel to enable them to perform their job function in a competent manner. Prepare production personnel with advancement potential to assume positions of increased responsibility by setting objectives and reviewing their progress periodically. Document employee performance, attendance, and training.
- Provide technical support to operators as necessary, to maintain maximum efficiency of personnel and equipment in a safe manner.

REQUIREMENTS

- BS in Engineering.
- 3 -5 years experience in manufacturing.
- Human relations skills.
- Communications skills.
