

Experienced Mechanics

Legacy Mill Services

Legacy Mill Services located in Blytheville, AR is currently looking for experienced mechanics to work on site refurbishing an aluminum plant.

Job duties will include: Replacing belt conveyers, checking machinery, working on conveyers, etc

The plant has been down for a year so there is a lot of work.

Pay is commensurate with experience; shift will be 12 hours with plenty of overtime available.

If interested, please email a resume to legacymillservices@gmail.com
