

## Minteq International

**Position:** Steel Mill Service Associate

**Location:** Osceola, AR

**Minerals Technologies Inc. (MTI)** is a resource- and technology-based company that develops, produces and markets worldwide a broad range of specialty mineral, mineral-based and synthetic mineral products and related systems and services. The Company has four reportable segments: Specialty Minerals, Performance Materials, Refractories and Energy Services.

The **Minteq International Inc.** division is the premier supplier of engineered refractory lining systems, metallurgical wire products, bulk calcium and calcium alloy products, refractory measurement systems, and advanced carbon products.

**MTI** provides a business environment and promotes a culture that encourages all employees to contribute to our success. We have long been committed to the recruitment and advancement of the most talented and qualified people. We recognize that MTI's ability to provide the highest caliber of products and services is enhanced by a workforce that reflects the diversity of the communities and countries in which we work.

We currently have an exciting opportunity for a **Steel Mill Service Associate** at our **Big River Steel** location in **Osceola, AR**. The **Steel Mill Service Associate** will service multiple accounts, assist in customer trials, and help to identify new potential sales opportunities. This position works closely with the District Account Manager and/or regional Business Manager to establish priorities and goals.
