

Chief Chemist

SRG Global Inc. has an opening for a **Chief Chemist** at our **Portageville, MO** facility.

Job Summary: We are seeking a strong individual with the right virtue and talent to join our team. The Chief Chemist is the primary technical resource for the plating department. This role is responsible for ensuring that all process operating conditions are being controlled within prescribed limits and thus the facility is making product to customer specifications.

Main Responsibilities:

- Establish effective laboratory procedures and ensure those procedures are done correctly by the laboratory personnel.
- Determining a frequency of analysis that guarantees chemical processes are always controlled with prescribed limits.
- Have regular scheduled interface with product inspection teams and EIT laboratory for review of product quality.
- Be a member of the product development teams that determines operating conditions of new product.
- Be able to effectively troubleshoot problems as they relate to the plating processes.
- Continuously review operating cost.
- Ensuring that incoming chemicals are to approved quality standards
- Determining what chemicals are to be automatically added.
- Maintaining correct and cost-efficient chemical inventories
- Establishing testing timetables by suppliers on chemical controls that cannot be done at our laboratory.
- Determining correct equipment calibrations and calibration time schedules.

Required Qualifications:

- Minimum of 5 years of past experience plating metal on plastic.

Physical Requirements:

- Ability to stand or walk on concrete floor for 8+ hours and lift and/or move up to 50 lbs.
- Requires hand, arm back, and leg strength; also, bending and squatting ability
- Must have eye, foot, and hand coordination, and be able to do repetitive grasping, pushing, pulling, and fine motor manipulation
- Ability to work in fluctuating temperatures and perform work indoors/outdoors as needed

Company Overview:

SRG Global, a Guardian company, is one of the world's leading manufacturers of high value coatings on plastic for the automotive, commercial truck and consumer goods industries. Our Portageville, MO location is one of twelve facilities throughout North America, Europe and Asia. We are a growing and dynamic company that is customer focused, fast paced and results driven.

About SRG Global Portageville:

- Established in 1969
- SRG Global was born in 2009 when acquired by Guardian Industries
- 3 shift operations with injection molding, electroplating, paint and assembly
- Various awards and recognition such as Quality, NUMMI and Manufacturing Excellence
- Current facility approximately 350,000 square foot

Beyond the finish™

- Brand new facility approximately 360,000 square foot
- 400+ employees

Global Advantage:

- Operational excellence
- Global market cost competitiveness
- Technology leadership
- Fun & innovative workforce
- Professional growth

Local attractions:

Just an hour south of Cape Girardeau, MO (college town) and an hour and a half north of Memphis, TN, Portageville is in the Missouri Bootheel near the Mighty Mississippi River. Portageville is surrounded by a lot of history and state parks as well as conservation for hunting and fishing. Southeast Missouri is also home to many of Missouri's spring-fed streams and crystal-clear waters which is ideal for nature lovers. The area provides hiking and river/lake activities as well as camping.

Job type: Full-time
