**Career Website: TrinityCareers.com**

### **Job Description:**

As a Welder at Trinity Industries, you'll use jigs/holding fixtures to lay out pieces to be welded according to blueprints, layouts, schematics, or work orders and use manual/semi-automatic/automatic welding equipment to join, surface, fabricate, and repair parts of metal or other weldable materials. The Welder also inspects completed work for conformance to specifications and performs minor maintenance to equipment.

### **What you'll do:**

- Proficiently perform flat, vertical, and horizontal fillet welds
- Repair welds
- Perform carbon arcing
- Perform flat groove welds
- Follow all safety rules and practices
- May be involved in safety committees or initiatives
- Perform other duties as assigned

### **What You'll Need:**

- Previous experience with MIG and/or FCAW (flux-core) weld processes; FCAW certification is a plus
- Must demonstrate ability to satisfactorily pass overhead and vertical fillet welding tests as well as groove weld test in a horizontal position using manual and semi-automatic welding processes
- May require the ability to carbon arc gouge and to use oxy-fuel cutting process
- Understand basic weld layout
- Ability to read blueprints and shop orders is preferred

- Must be able to perform welding work while wearing all required personal protective equipment including, but not limited to, a filtering face piece and/or tight fitting respirator
- May require working above ground (15 ft or more)
- Must be able to climb ladders or stairs to reach objects; comfortable with heights
- May require working in narrow or confined work spaces for extended periods of time
- May require extensive kneeling, bending, walking and/or standing for long periods of time

Current Shift Hours: 6:00 AM - 4:30 PM, Monday - Thursday
