

Biology/Life Sciences Instructor

POSITION DESCRIPTION

This position is a standard nine-month appointment with potential summer assignments. Successful candidate will principally teach Anatomy and Physiology I and II. Duties include teaching a 12-15 hour minimum course load each semester, providing student advising, serving on college committees, and holding 15 office hours per week. Other responsibilities include assessment and evaluation of instruction, curriculum planning and review, involvement in student recruitment and retention-related activities.

QUALIFICATIONS

Minimum requirements include an earned master's degree in biological science or an earned master's degree with 18 graduate hours in the teaching field. Community college experience with the ability and willingness to utilize innovative technologies and delivery methods are expected. The qualified applicant must be flexible, exhibit initiative, work closely with all ANC staff and students, as well as participate in college and community activities.

SALARY

Salary commensurate with education and experience as defined on the Faculty Placement Schedule. A generous fringe benefits package is included.

APPLICATION DEADLINE:

Review of applications will begin immediately and will continue until the position is filled. Interviews may occur throughout the application period.

APPLICATION PROCEDURE:

To apply, send completed ANC application, letter of interest, resume, references, and transcripts for all post-secondary work and certification materials to:

Office of Human Resources
Arkansas Northeastern College
P.O. Box 1109
Blytheville, AR 72316-1109
Or e-mail to thampton@smail.anc.edu
