Plum Point Energy (NRG) in Osceola, completed a tremendous task of training all their employees in First Aid and CPR. There were approximately 75 individuals who attended the training. Training was 4 hours long for 10 sessions, and after successful completion of the course the employees had their American Heart Association First Aid CPR and AED Certification. As part of their training, the instructors provided the group with specific scenarios that allowed them to practice "real-world" simulations for First Aid/CPR.

## Notes of Thanks

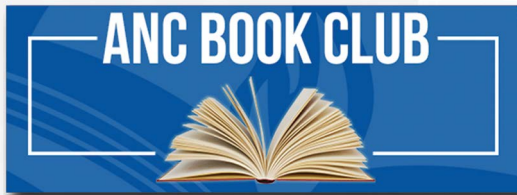

ANC Friends/Family,

Thank you so much for the thoughts, kind words, and the prayers during the loss of my mother-in-law, Betty Greene. The plant is beautiful and is in my office as a reminder of how fortunate I am to work for such a great place with people who truly care about me.
