

# Job Title: Maintenance Technician

At Nutrien, our Purpose is to **grow our world from the ground up** and we do so with safety and integrity as our core values. Nothing is more important than sending our people home safe, every day.

**Nutrien Ag Solutions is the retail division of Nutrien™**, the largest crop inputs company in the world. As part of our collective mission of Feeding the Future, Nutrien Ag Solutions provides full-acre solutions through our trusted crop consultants at more than 2,000 locations in North America, South America, Europe and Australia. For more than 150 years, we have been helping growers achieve the highest yields with a wide selection of products, including our proprietary brands: Loveland Products, Inc.; Proven@Seed and Dyna-Gro@Seed; as well as financial, custom application and precision ag services.

We harvest the best. Diverse views and experience make us strong. We look for people who have a safety-first mindset, who are collaborative team players, who deliver on their commitments, who are innovators in search of a better way, and who believe in inclusion.

Working at Nutrien Ag Solutions will provide you an opportunity to help us *Feed the Future*, and grow your career.

## What you will do:

- Perform daily inspection and maintenance on assigned equipment/area, including mechanical cleaning, lubrication, rebuild, installation, and removal
- Perform maintenance or repairs on all formulation, packaging, and other equipment as assigned without jeopardizing safety or quality
- Assist in lay out, assembly, and installation of piping and pumps associated with production, to include installation, repair, and replacement of gauges, valves, pressure regulators, and related equipment as directed
- Assist in repair and maintenance of physical structure and utilities as directed
- Recognize baseline operating conditions for assigned equipment and understand when those conditions are not being met
- Possess an understanding of 120, 240, and 480 VAC and the electrical requirements of equipment
- Follow all safety policies and procedures, including but not limited to LOTO, Confined Space Entry, Hot Work, and Powered Industrial Vehicles
- Maintain clean, safe and organized work environment at all times
- Remain knowledgeable of chemicals/material at facility and specific PPE requirements
- Other duties as assigned

## What you will bring:

- High School Diploma or GED required; 2-year degree a plus
- Preferred 2+ years maintenance/mechanical experience in a chemical, PSM, or liquid fertilizer plant OR 5+ years maintenance experience in another related manufacturing capacity
- Existing knowledge of plant equipment or similar a plus
- TIG and/or GMAW Welding a plus

## Are you a good match? Apply today!
