Tech Center News

First-year Tech Center welding student MacKenzie Tacker of Rivercrest School District interviewed with Lexicon Fabrication Manager Todd Turley last week and has already been offered a pre-internship placement the summer of 2020, immediately after she graduates from high school. ANC Welding Instructor Matt Frias recognized MacKenzie's potential and arranged the interview with Mr. Turley. "I've never seen a high school student do that well in an interview, she nailed it," said Mr. Frias.

This is the second high school student that Lexicon has hired prior to their freshman year of college, with the intent being for MacKenzie to transition to a part-time Internship placement with ANC in the fall semester. This is an outstanding achievement for MacKenzie, who just started welding in August of this year. Congratulations to MacKenzie!

Take Your Legislator to School Month

State Representative Monte Hodges visited the ANC Tech Center to celebrate 'Take Your Legislator to School Month.' He spoke with 3rd block Criminal Justice and Medical Professions students. Mr. Hodges engaged the students in the mock presentation of a bill, took questions from students, and gave away two American flags that were flown at the State Capital. We appreciate Mr. Hodges' time and the positivity he brought to our classrooms!

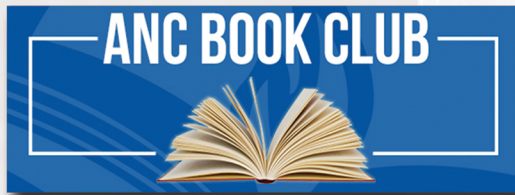

The Clothesline Awareness Project

The Clothesline Awareness Project was recently on display in The Gallery at ANC. It is a visual display that bears witness to the deadly reality of domestic violence. The project includes 250 t-shirts for all known domestic violence murder victims in the state of Arkansas dating back to 1989.
