Designing Math Pathways

Deborah Parker, Ginger Berry, and Emily Thomasson attended a two-day workshop at Arkansas Tech University in Russellville on "Designing Math Pathways." The workshop was hosted by the Arkansas Department of Higher Education and Arkansas Community Colleges, and presented by The Charles A. Dana Center at the University of Texas at Austin.

All two and four-year institutions in Arkansas were represented. The purpose of the meeting was to institute Math Pathways statewide. This will ensure students are enrolling in the appropriate math for their career pathway. The ANC team will be implementing Math Pathways during the 2017-2018 academic year.

ANC Contributes to Panel Discussion

ANC Professor, Dr. Jillian Hartley, participated in a panel discussion during the “Conversations on Racial and Ethnic Harmony: Building Relationships Between Law Enforcement Officials and The Community” event held August 9th at Arkansas Northeastern College.

This event was sponsored by the Arkansas Martin Luther King, Jr. Commission, the Arkansas Humanities Council, and Arkansas Northeastern College.

ANC Secondary Technical Center Hosts Paul Vitale

Paul Vitale spent the day at the ANC Tech Center talking to students about his Peak Performance U curriculum, and about the importance of professionalism in general. Professionalism accounts for 20% of every Tech Center student's grade, and we appreciate Paul Vitale supporting us in this effort! For more information on the ANC Technical Center, contact Assistant Director Michelle Bennett at mbennett@smail.anc.edu or 870-780-1200.

Thank you for the beautiful plant, your prayers and encouragement during my stay at the hospital for knee surgery. I am doing better but still not where I need to be in recovery. I hope to return to work very soon. May God bless each of you.

Dear Rachel,

I just wanted you to know what a joy it was to work with Mary Ann Garren and her assistant Lori while Danna and I were playing with the kids at Theatre Camp the last week of July.

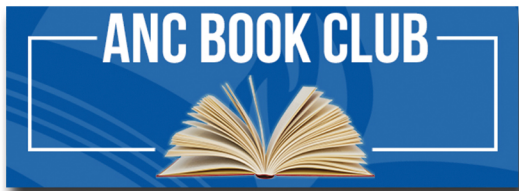

They both went out of their way to be helpful, and I appreciate them so much!

Love ya,
