FY 21 ANC Career Pathways Gas Voucher Policy

PLEASE READ CAREFULLY AND RETAIN A COPY FOR YOUR RECORDS

Each Pathways student may receive up to $200 a month in gas vouchers. There are 2 different ways a student may be able to receive gas vouchers.

1. **Traditional students** are those enrolled in traditional only classes. Amounts are determined by the number of times a week a student attends classes.

   OR

2. **Online Students** are those enrolled in INET only classes. Amounts are determined by the number of times a student returns to visit the ANC Campus for specific documented activities. These may include but are not limited to the following: ANC student services, activities, clubs, organizations, library, computer labs, tutoring services, and Career Pathways offices. **Please note: visits are limited to twice a week.**

Round trip daily calculations are based on the distance from a student’s home to the ANC Campus. The total mileage (based on Mapquest) is multiplied by .42 for each class or documented visit **BUT not both.** After the first month of documentation and distribution has been completed, SIGNED Dodge Store gas receipts must be provided by the student BEFORE additional amounts can be authorized the following month. This means if a student receives $100 in gas vouchers, $100 in signed Dodge Store receipts must be provided to the CPI Advisor before the next month’s deadline date.

**KEEP UP WITH YOUR DODGE STORE GAS RECEIPTS!**
